LOCAL HEALTH FOR GLOBAL HEALTH: CARE & SHARE

ERASMUS+ STRATEGIC PARTNERSHIP FOR SCHOOLS 2015–2018

MEETING REPORT

2nd Project meeting

São Roque do Pico, Azores, Portugal

7/5 – 13/5 2016

“Local Health for Global Health: Care & Share” project partners have held their second meeting at Escola Básica e Secundária de São Roque do Pico, from May 7th to May 13th 2016. The tasks, that were previously set, have been done. The project partners also visited Faial and S. Jorge islands, and other places related to the project theme.

1. The involved teachers of all partner institutions had a chance to know better each other and discuss conditions of their institutions connected with the project.
2. The host students presented Azores and hosting institution to the guests.
3. The guest students presented their schools and regions to the host school staff, teachers and students (P1).
4. The students, under the control of their teachers, selected the “Project logo” (P23).
5. We organized "Erasmus Day" - common celebration promoting the partner schools/regions/countries, the project and Erasmus+ programme to a wide community (P24). Every group prepared their national stall with typical products, brochures and other materials and presented their country and region.
6. The involved students of all partners presented the following presentations: "Old days, old ways"- video interviews with local people/experts about the traditional local healthcare (P6) and "Progress in medicine" (P7).

7. We started the eTwinning project "Healthcare system in our regions/states" (P13), led by the Hungarian partner school and the Czech partner school introduced *Europass* as an important European instrument.
8. During the project meeting we organized two common events "Physical activity & Sport" (P18) for all participants. On Wednesday 11/05 we prepared a walking trail to the Fajã da Caldeira, in S. Jorge. On Thursday 12/05 the teachers organized a sport competition for all participating students. We chose *wipeout*- each team had to navigate through an obstacle course including running, climbing, jumping and crawling.
9. We visited, discovered and explored the following places connected with the project theme:
 - *Sea Science Center, Whalers Museum and Whale watching* (places and activities connected with the whale hunting in the past, a very important economic activity in Pico island because of the products extracted from the whales for food and natural fertilizers for the agricultural fields)
 - Health Care Center in Madalena, Vital Support Car/Ambulance and patient transport area inside the ferry "Mestre Simão" (local health care facilities)
 - Capelinhos Volcano Interpretation Center (an eruption connected with public health concerns)
 - Faial Botanic Garden (a place with several herbs and plants for health and medicinal purposes)
 - Walking trail to *Caldeira de Santo Cristo* (a trip to promote healthy habits)
10. The involved persons (teachers, students, host parents, school staff) evaluated the second meeting in the "Farewell party".
11. We published and promoted the project in the local media (Jornal do Pico and Jornal Ilha Maior)
12. The Portuguese involved teachers prepared this meeting report (P27).
13. The teachers met together several times in order to talk about the aims, development and plans for the following meetings. These are the agreements what the partners have arranged during the meeting:
 - We discussed and agreed with common rules of the project and the project meetings. We all agreed on the rules connected with managing the project, communicating among the partners, working on the project activities, hosting the participants during the meetings and financing the project activities according to the Erasmus+ rules;
 - We evaluated the first year of our Strategic Partnership;

14. We decided on a precise timetable of the third project meeting, in Estonia, so the next project meetings will be organized in this order and during these dates:

3rd meeting: Saku (Estonia), 16/10 – 22/10 2016

4th meeting: Vác (Hungary), spring 2017

5th meeting: Vukovar (Croatia), autumn 2017

6th meeting: Sofia (Bulgaria), spring 2018

In conclusion, it was our pleasure to meet our wonderful partners, to work with them and find all our agreements connected with the project, to show them around our town and region and spend nice time all together.
